Cybersecurity and Information Assurance Solutions

Cybernet Systems Cybersecurity Division is focused on delivering groundbreaking products and services that revolutionize the security landscape for DoD and Industry! Cybernet offers software products and professional services that reduce the amount of time and effort needed to attain Cybersecurity/Information Assurance (IA) compliance. Target areas include:

▶ Software for automating DoD Information Assurance Certification and Accreditation Process (DIACAP)/RMF/Security Technical Implementation Guide (STIG) compliance.
▶ Software for centrally managing IA and Technical Support for both connected and distributed systems.
▶ Professional services geared toward the hands-on application of IA.

Supplying a Superior Certified Staff, Cybernet's certified security and network engineers are experienced in certification and accreditation processes for all DoD and Federal systems:

▶ DoD 8570 Level 2 and 3 Managers and Technicians (IAM/IAT Level 2 and 3).
▶ Certified Army IA Security Officers.
▶ Navy Certifiers Course Accredited Security Personnel.
▶ Experts in Certifying/Accrediting Systems Using DIACAP, NIAP, JAFAN, and DCID.
▶ Experts in DIACAP/SSP Package Creation.
▶ Experts in RMF Package Creation.
▶ Backed by 20+ years of Cybernet Software and Hardware Development Expertise.
▶ Certified for Security Sensitive Applications.
▶ FDA-approved, HIPAA-compliant Medical Application Experience.

Cybernet offers professional services to all major branches of the DoD for Cybersecurity and Information Assurance. Our team specializes in the application of Cybersecurity controls and risk management. Our Cybersecurity experts are extremely knowledgeable of the DIACAP/RMF and have successfully completed over 40 DIACAP certifications over the last five years, attaining an Authority To Operate (ATO) in all cases.

Our professional services team's in-depth knowledge of the DIACAP/RMF process allows us to complete certifications rapidly. We use this experience to mold our Cybersecurity applications so they deliver groundbreaking results.

Clients who have selected the Cybernet Staff for their IA needs include:

▶ U.S. Army	▶ U.S. Army	▶ U.S. Air Force
▶ U.S. Navy	▶ NASA	▶ FDA (Medical)
▶ Focus Hope	▶ OSD	▶ Ford Motor Company
